Meeting Times / Locations:

This course is normally scheduled to meet Tuesday/Thursday/Friday 12:30pm-2:30pm PST. This quarter to ensure everyone’s safety and well-being, we will use a combination of synchronous and asynchronous learning experiences.

**Requesting P/NP grades**: Students may designate a course as Pass/No Pass by submitting a request with the Registrar’s Office after registering for the course; they may change this designation by submitting the change to the Registrar’s Office at any time through the seventh week of a quarter; for extension program courses, pass/no pass grading designation may be elected up to the end of the seventh week for regular quarter-long courses, or prior to the third class meeting for shorter courses. Students may be advised to stay with a letter grade if required for accreditation, veteran status and benefits, or other purposes.

**Tentative Schedule**: For a summary of our weekly schedule, visit the Course Options
Course Goals & Objectives:

In this course, prospective teachers (you!) will:

- Examine beliefs in relation to a vision of effective science teaching and learning
- Deepen your subject matter knowledge for teaching science
- Develop an understanding of learners, learning, and issues of diversity and equity in science
- Develop a beginning repertoire of strategies for science instruction and assessment
- Develop the tools and dispositions to study and learn from teaching

Course Organization and Requirements:

1. The class is organized around 9 weekly themes that will begin on 9/23. The Welcome Module will be available the week before, but can also be completed as part of Week 1. You will find the weekly themes published under Pages in Canvas.
2. Incomplete modules may result in the need for an incomplete (K) grade to be assigned. To receive a K grade, a student must print an incomplete (K) grade contract.
3. Your SCED490 Google Doc will serve as your Learning Journal. This notebook will hold most work from the weekly modules. Unit planning will be completed on a shared google doc.
4. Attendance/participation: Unless previously excused, your attendance is mandatory during our Thursday synchronous meetings and one Tuesday meeting on November 24th. If you need to miss a meeting for any reason (personal/ttech/connectivity issues), please let me know ASAP via email.

Major Assignments:

Major assignments are intended to help you meet specific objectives that align with the course goals listed above. Each assignment will be explained in detail with a rationale and evaluation criteria. Note that in addition to the graded assignments listed below, you will complete a number of ungraded assignments that will act as baseline assessments or that as 'works in progress' will not be counted towards your final grade. Weighting of individual assignments towards the final course grade are indicated.

- Weekly Module - Learning Journal (50%)
- Practicum Choice Assignment (30%)
- Final Evidence of Student Learning (10%)
- Attendance/participation (10%)
Course Organizational Required Materials:

- **You must complete 60% of each weekly Module to pass the course.** Incomplete modules may result in the need for an incomplete (K) grade to be assigned. To receive a K grade, a student must print an *incomplete (K) grade contract.*
- You will create a Google Doc that will serve as your **Learning Journal.** Share this Google Doc with me and allow me to edit/revise. This document will hold most work from the weekly modules. More details on assignment page.
- **Attendance/participation:** Unless previously excused, your attendance is mandatory during our Monday synchronous meetings. If you need to miss a meeting for any reason (personal/tech/connectivity issues), please let me know ASAP via email.
- **Late Work:** due to current circumstances, late work will be accepted but will affect your Participation & Professionalism grade. Please try to stay on schedule with due dates. This will make my grading job more streamlined.
- **Written assignments** must model appropriate grammar, spelling, usage and punctuation. All written work is to be word-processed (double-spaced, 12 point font) unless otherwise specified. Proofread your papers as you would if you were developing a handout for students or parents. The instructor reserves the right to return work for correction prior to grading if there are multiple mistakes in grammar, spelling, and or punctuation.
- **Netiquette Statement:** Please read about netiquette on this [website](#).
- We will abide by these netiquette rules outlined on this website.
  - In addition to this netiquette statement, we will come up with virtual classroom norms during out first synchronous meeting.
